

## TwoFor opportunity!

### SOLD – NO LONGER AVAILABLE

Two complete refurbished 8830 Arc System for the price of one. Both units have the Metallization manufactured 8830 torches (375 model), internal parts are no longer available for these arc units. This price is for both units as a package. Consumable parts are still available such as air caps and contact tips. What is not available are the motors and gear drives inside the torch.

Both units are fully operational and can be seen in the YouTube video links below.

Basically, we are selling the pair for what we would normally sell one used unit for. We suggest that you operate the one and keep the other for the spare parts. Worst case scenario is that both guns go bad, then you must purchase a newer generation torch. Best case scenario is that both run for years at a bargain price.

**Price for the pair \$11,000**
